Ashley

## Ingredients

- 1 lb (454 grams) lean ground turkey
- ⅓ cup grated apple
- ⅓ cup grated onion
- ½ cup grated zucchini (I had some previously shredded and frozen. I thawed and squeezed out excess water)
- ¼ tsp salt
- ¼ tsp pepper
- 1 Tbsp fresh sage leaves, chopped

## Instructions

1. Mix together all the ingredients (clean hands work best). Mixture will be quite wet.
2. Loosely form into 6 burgers.
3. Heat your large skillet over medium heat. Once hot, mist with cooking spray.
4. Place burgers in the pan and flatten out. Cook approx. 4 min on each side until golden and cooked through.
5. Serve with or without a bun. If you use a bun, it would be great with apple butter and light mayo! I served with no bun, yam fries and steamed swiss chard.

## Notes

Tip: If you cook at too high of heat, they will burn and remain raw inside. Best to cook slower on medium heat.
